

Kids in Honduras need maps

When the teachers and librarian were asked what their kids wanted most, the overwhelming majority answered:

We need Maps for our schools and libraries.

Maps of:

Honduras

USA

North America

Central America

South America

Africa

Europe

Asia

Australia

etc.

Almost any map - But they need MAPS

Take a look at your resources, ask your friends, look in National Geographic magazines, go to the store, - just look around and let's send down maps.

How many do we need? The kids on Honduras are asking YOU to send down just one map

put it on the March container

mark it : "Maps for the Schools/Libraries"

The library team will see that it gets there.

Please send
me a map
