

2010

This Christmas you can provide a new pair of shoes to a needy child in the second poorest country in our hemisphere. Throughout Honduras thousands of children are dependent on the Alabama Honduras Medical Educational Network for the very basics. For the past ten years, AHMEN has provided Food, Clothing, and Toys to indigent families through its Christmas Container Program. This year you can help by providing money to support the purchase and distribution of a brand new pair of shoes to a child in need.

Your donation of only \$5 will send a new pair of shoes to a needy child. Please send your tax exempt check to:
